## SUMMARY

I am a proficient software developer with expertise in C, Python, HTML, CSS, and JavaScript. My keen interest in coding drives my ability to deliver innovative solutions to complex, real-life problems. I excel in the entire development lifecycle, from conceptualization to implementation, and rapidly assimilate new technologies to stay ahead in a fast-paced industry. My strong analytical skills, meticulous attention to detail, and collaborative team spirit ensure high-quality results. Additionally, I am a resourceful team player experienced with common software applications and social media platforms, well-versed in business organization, and skilled at project support with a proven history of solutions-oriented problem-solving. Passionate about technology, I am committed to continuous learning and modernizing workplaces by staying abreast of the latest industry trends and advancements.
